📍 Purok 2, Jamboree, Nangan, Gov. Generoso, Davao Oriental, 8210

Education

Bachelor of Science in Information Technology

Davao Oriental State University

2021-2025

Senior High School - Gas Strand

Nangan National HighSchool

2019-2020

Expertise

- HTML5, CSS3, JavaScript
- ReactJS
- Node.js + Express
- PostgreSQL
- Tailwind CSS
- Git & GitHub
- RESTful APIs

👤 Profile

I am a graduate of BS in Information Technology with hands-on experience in developing web applications using ReactJS, Node.js, Tailwind CSS, and PostgreSQL. I built our entire capstone project on my own a full-stack web system using RESTful APIs and a PostgreSQL database. I also made sure it works well on both desktop and mobile devices. Although I am still learning and improving, I am eager to grow and gain more experience as a junior full-stack developer.

💼 Work Experience

2024 – 2025

Capstone Project – Full Stack Developer

Davao Oriental State University

- Developed a full-stack web application using ReactJS and Node.js (Express)
- Implemented backend services connected to a PostgreSQL database
- Designed responsive user interface using Tailwind CSS
- Built and consumed RESTful APIs for user and admin features
- Version-controlled the project with Git & GitHub

March 24 - June 2

Web Development Intern - Wordpress (Out-Campus OJT)

Out-Campus Partner Organization

- Added new pages and content to an existing Wordpress website
- Uploaded and organize product Listing
- Created a final project website using Wordpress as part of training
- Gained hands-on experience in basic content management and basic web layout
